

Ticket System v3 — Commit History

Repository: **laur-sketch/ticketing_system_v3**

Generated: **Jun 17, 2026, 4:03 PM**

Total commits: **79** (all branches, newest first)

Summaries are written in plain language for non-technical readers.

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
1	3eabd56	2026-06-17 14:45	TICKETING DEMO	Fixed a bug where users could be blocked from submitting tickets because of someone else's open ticket. Also cleaned up the login confirmation popup code.	HEAD -> dev, origin/dev
2	1ed0297	2026-06-17 13:46	laur-sketch	Brought back checkboxes on the task board so staff assigned to sub-tasks can mark work complete.	—
3	392ccfc	2026-06-17 13:33	laur-sketch	Fixed duplicate staff records that were breaking task board permissions.	—
4	c8ba7e9	2026-06-17 13:21	laur-sketch	After login, users see a popup if they have tickets waiting for their confirmation.	—
5	ee08746	2026-06-17 10:39	TICKETING DEMO	Merged the latest main-branch updates into the development branch.	—
6	d5d1489	2026-06-17 10:13	laur-sketch	Fixed security warnings in software packages, code quality checks, and hid task	origin/main, origin/HEAD, main

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
				board checkboxes that users could not use.	
7	ef71f96	2026-06-17 08:08	TICKETING DEMO	Fixed a code-quality issue on the sign-up page when loading company names.	—
8	dc7bfe8	2026-06-17 08:06	TICKETING DEMO	Synced local development work with the shared development branch on GitHub.	—
9	ada86dd	2026-06-17 08:01	TICKETING DEMO	Moved local main-branch work into the development branch.	—
10	df21bc8	2026-06-17 06:30	laur-sketch	Users cannot submit a new request while they still have an open or in-progress ticket.	—
11	9612773	2026-06-17 06:30	laur-sketch	Users cannot submit a new request while they still have an open or in-progress ticket.	—
12	54d79b1	2026-06-16 10:18	TICKETING DEMO	Made deployment easier on Windows and fixed known security issues in dependencies.	—
13	36ee407	2026-06-15 16:19	laur-sketch	Improved how ticket detail pages look in light (non-dark) mode.	—
14	5d2941f	2026-06-15 14:38	laur-sketch	Dashboard now shows average response time as hours and minutes (for example, 2h 15m).	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
15	ed0033b	2026-06-15 11:31	laur-sketch	Clarified the labels on task metrics and KPI charts.	—
16	c639009	2026-06-15 10:56	laur-sketch	Homepage buttons now send visitors to the sign-in page.	—
17	cdfa096	2026-06-15 10:47	laur-sketch	Staff submitting tickets now pick the target company from a dropdown.	—
18	596d439	2026-06-14 07:42	laur-sketch	Added a branded welcome page with light and dark theme support.	—
19	d328ab3	2026-06-13 11:55	laur-sketch	Limited admin reports to the right companies and improved board tab navigation.	—
20	5c61b5d	2026-06-15 14:38	laur-sketch	Dashboard now shows average response time as hours and minutes (for example, 2h 15m).	—
21	00e3673	2026-06-15 11:31	laur-sketch	Clarified the labels on task metrics and KPI charts.	—
22	142ba44	2026-06-15 10:56	laur-sketch	Homepage buttons now send visitors to the sign-in page.	—
23	56188a1	2026-06-15 10:47	laur-sketch	Staff submitting tickets now pick the target company from a dropdown.	—
24	5957f4c	2026-06-12 16:51	laur-sketch	Smoother clicks, menus, and interactions across the app, plus general code cleanup.	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
25	4ace857	2026-06-12 14:45	laur-sketch	Improved how staff view their metrics and navigate the portal.	—
26	49ba064	2026-06-12 13:24	laur-sketch	Customer pages use space better; the sidebar can collapse on smaller screens.	—
27	240696e	2026-06-12 11:35	laur-sketch	Refreshed the customer portal with AGCTEK branding and light/dark modes.	—
28	3fb6947	2026-06-14 07:42	laur-sketch	Added a branded welcome page with light and dark theme support.	—
29	526e83a	2026-06-13 11:55	laur-sketch	Limited admin reports to the right companies and improved board tab navigation.	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
34	86e1eb8	2026-06-12 09:04	laur-sketch	Updated the charts on the Insights and metrics page.	—
35	a05378f	2026-06-12 09:04	laur-sketch	Updated the charts on the Insights and metrics page.	—
36	d0fc500	2026-06-11 16:37	laur-sketch	The task detail panel closes automatically when all sub-items are marked done.	—
37	8e70224	2026-06-11 16:18	laur-sketch	Ticket detail pages work better on phones and tablets.	—
38	3bf1ab9	2026-06-11 13:08	laur-sketch	The system can send reminder emails for tickets still waiting on customer confirmation.	—
39	4395f2a	2026-06-10 10:53	laur-sketch	Ticket boards show results in pages; the tracker table has more room for titles.	—
40	9899f4f	2026-06-10 08:09	laur-sketch	Stronger account security options and smoother task-metrics workflows.	—
41	c7a329b	2026-06-06 14:37	laur-sketch	Assignment boards now use company dropdowns grouped by staff role.	—
42	6922709	2026-06-04 10:27	laur-sketch	Task board assignments follow each person's designated company, not generic team membership.	—
43	c6efc1a	2026-06-04 09:03	laur-sketch	HR and Gen Services no longer appear in task assignment company lists.	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
44	380efe7	2026-06-04 08:34	laur-sketch	Added a drag-and-drop company picker when assigning tasks.	—
45	fee9bf8	2026-06-03 11:49	laur-sketch	Easier to move tickets between columns on mobile devices.	—
46	30e0b52	2026-05-30 10:43	laur-sketch	Ticket cards show the assigned person's profile photo when available.	—
47	df541e0	2026-05-30 09:55	laur-sketch	Task board uses a flatter layout with more room for content.	—
48	7fb841b	2026-05-30 09:49	laur-sketch	Task board got smaller cards, slide-out subtasks, and a popup detail view.	—
49	06055d1	2026-05-28 07:29	laur-sketch	Old screenshots from recurring tasks are archived when a new period starts; mobile layout improved.	—
50	b161ddc	2026-05-25 14:56	laur-sketch	Notifications update more reliably; added a health check for the API.	—
51	018e79f	2026-05-23 14:30	laur-sketch	Added an extended CSV view for monitoring metrics; hid raw CSV previews on tickets.	—
52	13caa3f	2026-05-23 13:51	laur-sketch	Network and cybersecurity charts keep uptime and safety donut charts visible.	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
53	2bb2c32	2026-05-23 13:41	laur-sketch	User Support metrics now use average star ratings; improved the extended metrics screen.	—
54	2637fea	2026-05-23 13:34	laur-sketch	Better ticket transfers, CSV export for task metrics, and incident charts by category.	—
55	b22e214	2026-05-23 09:07	laur-sketch	Smoother task board workflows, ratings visible in ticket tables, and daily KPI tracking.	—
56	4b8286e	2026-05-21 19:23	laur-sketch	Added quarterly KPI schedule, preventive maintenance category, and task board updates.	—
57	2609613	2026-05-21 16:20	laur-sketch	Checkboxes for marking sub-task items complete work again.	—
58	69cb1e3	2026-05-21 16:03	laur-sketch	Added a monitoring category for KPIs and improved recurring task form fields.	—
59	f30f124	2026-05-21 14:27	laur-sketch	Updated task detail screens and added paging to the company board.	—
60	a3703bb	2026-05-21 09:27	laur-sketch	Sub-KPIs can be assigned on the task board; staff can attach before/after screenshots.	—
61	f6875ec	2026-05-20 11:38	laur-sketch	Removed OIDC single sign-on; low ratings now require	—

				a comment; documentation updated.	
62	9253419	2026-05-19 09:33	laur-sketch	Can import helpdesk spreadsheet data into Insights task metrics.	—
63	39f3c09	2026-05-18 18:27	laur-sketch	Cleaner company board layout; some users get a read-only ticket view.	—
64	ac11069	2026-05-18 18:06	laur-sketch	Daily KPI imports, better task metrics screens, ticket transfer flow, and staff filters.	—
65	d211a43	2026-05-16 14:25	laur-sketch	Fixed cybersecurity and network metrics; can import KPI data from spreadsheets.	—
66	587711a	2026-05-16 08:43	laur-sketch	Launched the main operations UI with task metrics, KPI history snapshots, and an IT project board.	—
67	7512ed3	2026-05-14 10:28	laur-sketch	Fixed how the server reads environment settings when starting with PM2.	—
68	5d9b45e	2026-05-13 20:43	laur-sketch	Company board uses full screen width; KPI assignments show six per page; staff role updates.	—
69	a56d43d	2026-05-13 12:49	laur-sketch	Company board shows five tickets per page in a five-column layout.	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
70	bbbe8e9	2026-05-13 12:43	laur-sketch	App works on mobile; customers get a slide-out menu; drag tickets with mouse or touch.	—
71	29c51e8	2026-05-13 12:06	laur-sketch	Staff list and assignment lanes are paginated; brighter color tags for assignees.	—
72	0d21e45	2026-05-12 20:37	laur-sketch	Customers and staff cannot open duplicate tickets while one is active; colored staff tags; added automated tests.	—
73	269c347	2026-05-12 08:17	laur-sketch	New Insights tabs and charts, KPI filters, and improved login configuration.	—
74	9a3d6aa	2026-05-11 15:20	laur-sketch	Staff list stays in sync; SuperAdmins can create staff accounts; filled in missing roster data.	—
75	d0f4a22	2026-05-11 14:52	laur-sketch	Customers who registered with a username and password can sign in that way, not only with Google.	—
76	3edc65e	2026-05-11 09:18	laur-sketch	Ticket assignment can filter by company; only staff designated for that company appear.	—
77	e40f271	2026-05-10 10:30	laur-sketch	Staff dashboard, admins see only their company's board,	—

#	HASH	DATE	AUTHOR	WHAT CHANGED (PLAIN LANGUAGE)	REFS
				and password reset requests on sign-in.	
78	f47b226	2026-05-07 10:20	laur-sketch	Removed a large tunnel program from version control because it was too big for GitHub.	—
79	38bbf38	2026-05-07 10:18	laur-sketch	First version of the Ticket System v3 project.	—

Branch tips
